**Subject:** Testimony for Feb. 13th Energy Committee Hearing

Dear Representative,

I understand you will be having a hearing of the Energy Committee on Tuesday, Feb. 13th concerning DTE overbilling customers. I have refused a smart meter on my home for both health and privacy reasons. While I am being harassed by DTE to give in to the Smart Meter or OPT-Out meter, meanwhile my bills have been all over the place due to estimated usage. My bill states a 260% increase over last month in October, up 186% over last year. My bill this month was adjusted from Total Current Charges: \$522.00 to \$115.00 which is based on estimated usage that still is too high after checking my meter today.

I ask that you support the House Bill 4220, the Analog Meter Choice Bill. The Analog Meter remains the most accurate form of reading actual usage. I would be most happy to send in the reading each month myself.

Thank you for representing us and for all your work in Lansing.

Sincerely,  
M. Mroczek  
Marlette
